Abstract (en)

The tasting glass, for distilled alcohol beverage products, has a limited zone at the inner side with an enlarged surface area of 50-1000 mm<2>, over the base of the glass. The enlarged surface area is formed by roughening through sand and/or ball blasting, or by etching. Or it can be formed by an insert e.g. of sinter glass.

Abstract (de)

Verkostungsglas für alkoholische Destillate, wobei an der Innenseite des Glases ein begrenzter Bereich mit vergrößerter Oberfläche vorgesehen ist.
