Abstract (en)

A cup product for use in a brassier and a brassier or like product using the cup product are disclosed. The cup product has a cup for covering a breast, a scallop portion provided at a peripheral edge of the cup, and an ornamental lace portion provided over a surface of the cup. The scallop portion and the ornamental lace portion are provided as one continuous lace fabric, and this lace fabric is formed into a three-dimensional shape by means of molding with the scallop portion being placed at an end of the three-dimensional shape. <IMAGE>
