Abstract (en)
An improved luminous sign which is composed of a box (1) within which a luminous equipment (3) is installed, and at the opening of said box there is a cover (2) of a material which can, at least partly, allow the light to pass through it, in which are printed or marked the texts and/or drawings constituting an advertisement, which are quite conspicuous thanks to the light diffused by that equipment (3) and there exists in said box (1) an aperture eventually closed by a trap door (12), said trap door (12) being detachable in order to have access to said equipment (3) when it is convenient and in addition on said trap door (12) said luminous equipment has been installed. <IMAGE>
