Abstract (en)
[origin: WO0070965A1] The invention relates to raw rice products coated with oil/fat and comprising powdered food components or mixtures thereof on the surface of the grains. Optionally, the rice products of the invention also comprise pieces or slices of dried vegetable, fruit or meat. The invention also relates to methods for the preparation of the rice products of the invention. The rice product of the invention can be used for the fast and simple preparation of tasty rice dishes of high nutritive value.
