Abstract (en)

[origin: FR2795636A1] The invention concerns a hair cosmetic composition comprising solid particles in a cosmetically acceptable medium, further comprising, at least an adhesive polymer selected such that the material obtained when said adhesive polymer(s) have dried in the cosmetically acceptable medium exhibit a release profile defined by at least a maximum release force (Fmax) greater than 1N. The invention also concerns a cosmetic process using said composition and its use for making a hair cosmetic formulation.
