Abstract (en)

Indication system of the colour inside paint spray containers, characterised because it has a transparent cover (46) and a ring (1) provided with two openings (2, 3) to enable it to be attached by pressure on the upper end of the container (4), with its outer surface (11) remaining visible and painted in the colour contained inside the container (4), both from the side and from above the container (4), even though the cover is on. <IMAGE>
