Abstract (en)

[origin: FR2797078A1] The invention concerns a method for managing payment of parking fees in a specific geographical zone for a user (10) of at least one vehicle (13), comprising the following steps: the user (10) goes to a station registered for subscribing to a virtual date stamping service where he fills in a subscription form, and provides a statement of account information, and where he receives a two-part identifier: a sticker comprising an optical code (11), a secret code; he affixes the sticker on the windscreen of said one vehicle (13).
