Abstract (en)  
[origin: WO0101842A1] Scraper for the removal of paint, coating or rust, including a supporting part with hand grip and a replaceable cemented carbide cutting insert (13) provided with a hole, which insert is fastened to an insert position on the supporting part with a screw (14), the shank of which runs through the hole in the cutting insert (13). The cutting insert (13) and the screw (14) co-operate via a contact surface, separated from the shank of the screw and located at a radial distance from the centre of the hole with a radius (R2) exceeding the radius (R1) of the hole.
