Abstract (en)  
The invention relates to a packaging blank comprising two large panels (1,2), linked by one narrow panel (3) about which the large panels are to be folded at substantially right angles to wrap a flat object, wherein, when the blank is folded, the large panels are held together by at least one interlocking (13,18) means formed using the material of the blank only, whereas the invention further relates to a packaging made from such a packaging blank. <IMAGE>
