Abstract (en)
[origin: EP1217217A1] A domestic water installation (1) has an automatic intake rotary pump (2), an electric drive motor (4) with a control electric terminal box (3) for the pump and a pressure controller for delivering liquid to a delivery outlet (6). A delivery channel (8) for the pump liquid extends from the pump up to the delivery outlet and surrounds the drive motor. The pressure controller fits in the control electric terminal box and connects to the control electrics.
