Abstract (en)

[origin: EP1219202A1] Device for dispensing doses of a cosmetic product like a perfume, eau de toilette, lotion, cream, shampoo, skin oil or the like. This device comprises electronic means suitable for presenting audible, visual or audiovisual messages to users of the device and to persons in the direct vicinity of the device, to commercially promote the cosmetic product and/or the product brand and/or the product manufacturer. This device can also comprise electronic means to provide appropriate electronic signals to control certain functions of the device. These electronic means could be suitable for storing said audible, visual or audiovisual messages in electronic form. <IMAGE>
