Abstract (en)  
[origin: EP1229288A2] The lamp consists of a carrier element (2) with lamp holders (3) for several holders (4) of lamps. The lamp can be connected to an emergency power supply or includes an emergency power supply and has a control lamp, e.g. LED, which displays the state of the emergency power supply. At least one of the lamp holders is at least partly transparent having a receptacle for the control lamp. An Independent claim is also provided for a lamp holder.
