Abstract (en)

[origin: EP1231126A2] The retrofit set, with at least two wheels (1, 2), has fixing devices (7-10) on bolts or studs (11) in the parallel beam ends of the push-chair chassis, by which it can be fitted in place of the original single front wheel. It has a second sector (14) at an angle to a first sector (5) on the other side of a transverse fixing component (6).
