Abstract (en)

[origin: WO0138073A1] A furniture panel may include a layer of moldable material (12) and a decorative facade or finish material. The layer of moldable material has first side and second sides. The finish material (16) is disposed upon at least the first side and is at least partially embedded into the layer of moldable material (12). The finish material (16) may also include filaments of moldable material (12) and further yet, a predetermined number of the filaments in the finish material (16) may be colored a preselected color. The layer of moldable material may also include a filler material (14).
