Abstract (en)

[origin: WO0127832A1] A system and method for applying for a mortgage over a network. A Realtor (342) enters the buyer's (340) information into a computer and sends the information over the network to a mortgage service. The mortgage service obtains the buyer's (340) credit reports and incorporates the credit with the information. A decision maker receives the information and the credit reports and either grants a mortgage commitment (346) or denies the buyer's (340) mortgage application. The buyer (340) is informed of the decision over the network. Once the buyer (340) meets the conditions of the mortgage commitment (346), the mortgage service provides a final underwriting for the mortgage.
