Abstract (en)
[origin: EP1249908A1] The longitudinal mounting plate (1) has a rim on one side with perforations (16) for fixing connectors and means (113) for attaching connector supports (2) on the other side. The connector supports have feet (203) which slide over slotted rebates (11) and lugs which click into apertures (105) to lock the supports in a vertical position where they receive (21) the horizontal connectors secured in the rim perforations
