Abstract (en)

[origin: EP1254999A1] Pre-fabricated construction element (1) comprises stones (3) joined onto a steel-reinforced foundation part (2). The foundation part forms the foot part (7) of a wall part (8) made of rows of solid natural stones (4) whose height determines the height of the wall. Preferred Features: The natural stones are boulders, natural quarry stones, or basalt columns. The foot part and the wall part form an L or inverted T shape. The wall part stands vertically or at an angle on the foot part.
