Abstract (en)

[origin: FR2825599A1] The kit has a separating plate (13) which is adjustable in height through alternate screw fixings (17,18) into angled side members (15) and is situated between the recess and oven bases. Four feet (30) support the oven through holes (34) in the separating plate and independantly of it and a foam element (41) directs air flow. The oven is secured in position by a screwed locking bar (52) An Independent claim is also included for: Use of the kit to install microwave oven into recess
