Abstract (en)
[origin: EP1267005A2] The water outflow fitting, for a washbasin (3) or bathtub, has an outflow pipe (24) from the basin/tub with the outflow opening at the upper end of its vertical section (10a). The outflow pipe leads into a horizontal section (10b). A valve (12) is at the junction between the horizontal outflow section and the vertical waste pipe, with an odor barrier. The valve is at a gap from the vertical outflow pipe section.
