Abstract (en)

[origin: WO0166423A1] A container formed from corrugated board or similar packaging materials, including a base panel (1), a top panel (2), side panels (3 and 4) and end panels (5 and 6) which together form a closed container, said side panels having extension portions (7 and 8) which are folded and secured to form double thickness end flaps which are foldable inside the end panels, the extension portions (7, 8) of at least one end of the side panels having a further portion (13, 14) which is secured to reinforce each side panel.
