Abstract (en)

[origin: WO0177200A1] The invention relates to graft copolymers based on polyurethane which can be produced by graft copolymerizing, in solution or in an aqueous dispersion, at least one hydrophobic or hydrophilic polyurethane, which comprises, with a statistical mean, at least one thiol group, with at least one olefinically unsaturated monomer. The invention also relates to the use of the graft copolymers for producing aqueous dispersions, coating materials, adhesives and sealants.
