Abstract (en)

A supporting fixture for hank materials (1) comprising an arched saddle (2) circumscribed by a concave surface (4) and a corresponding convex surface (5) provided at its ends with head walls (3) that protrude from the convex part of said surface(5) of said arched saddle (2). Said support (1) is intended for supporting in a stable manner said hank materials ' during the selling display and for supporting said materials when they are put back after use. <IMAGE>
