Abstract (en)
[origin: CN2504760Y] The utility model relates to a halogen lamp comprising a bulb, a filament, a pressure plate and a pin. The pin is in "U" shape and one end of the "U" is connected with the filament while the other end bends inward. The pressure plate is provided with a pin groove at a place corresponding to the inward-bending end of the "U"-shaped pin which is arranged in the pin groove. The utility model is novel and reliable in structure, convenient in installation and application, elegant, simple in operation and wide in application, and besides, when the lamp pearl needs to be replaced, the pin is not easily broken and the short circuit does not happen.
