Abstract (en)

[origin: EP1043048A1] A bowling lane surface comprising a top cover layer having a pattern of a plurality of elongated simulated boards side-by-side across the width of the lane, the simulated boards across the lane being of alternate light and dark shades, having a symmetrical V pattern of spaced range finders (22) on selected ones of the simulated boards, positioned uniformly across the lane, on the first longitudinal portion of the lane, selected simulated boards, preferably those having the range finders (22) thereon, being outlined by dark lines simulating joints, a plurality of dark elongated markings (30,32) arranged on selected simulated boards in the second longitudinal portion of the lane. <IMAGE>
