Abstract (en)
[origin: US2003075628A1] The invention relates to a crusher apparatus, in particular for industrial waste and domestic waste-like materials, comprising a slowly running crusher roll which carries crusher tools distributed over the periphery and comprising counter-blade tools cooperating with the crusher tools which are arranged on a counter-blade tool carrier. In accordance with the invention, the crusher tools on the crusher roll and the counter-blade tools on the counter-blade tool are identical.
