Abstract (en)

[origin: EP1306132A2] A media cell used in a laboratory comprises installation connections for gas, air, water, electricity and/or data lines. A vertical installation element (20) is equipped internally above table height with installation lines (31-36) and distribution connections and externally with pre-made holders for connecting elements and/or operating elements which are connected via connecting elements to the distribution connections. <??>Preferred Features: The installation lines and distribution connections are arranged above each other in rows.
