Abstract (en)
[origin: WO0210659A1] The invention relates to a control panel for an electrical appliance, in particular a refrigeration unit. Said panel comprises a base panel (1) for fixing onto the electrical appliance, control circuitry (3) for the electrical appliance and an insert (4), which is attached to the visible face of the base panel (1). An adapter (2) for fixing the control circuitry (3) behind the base panel (1) can be mounted onto said base panel (1) in multiple positions.
