Abstract (en)
[origin: WO0222932A1] A garment having a body formed from a weft knitted fabric having courses and wales, the body including at least one first fabric zone (11a) separated from at least one second fabric zone (11b) in the coursewise direction, the fabric having a first set of knitted courses extending continuously through the first and second fabric zones and for each second fabric zone (11b) a second set of knitted courses extending through the respective second fabric zone only, the second set of courses comprising an elastomeric yarn, and for each second zone the knitted fabric adjacent to the terminal ends of the second set of courses including a filling yarn which is located to extend across a predetermined number of wales so as to prevent run back of said second set of courses.
