Abstract (en)
[origin: WO0223106A1] The invention relates to a built-in electrical appliance for mounting behind a front panel of a piece of furniture (2). Said appliance comprises a pivotable front flap for fixing to the front panel of the piece of furniture (2), and a handle (7a, 7b, 8) which can be attached to said front panel (2) in order to pivot the front flap. At least one display element (9) is arranged on the handle (7a, 7b, 8) and is used to display an operating state or an operating variable of said built-in electrical appliance.
