Abstract (en)

[origin: EP1319891A1] The present invention relates to a method for processing slaughterhouse waste, comprising the steps of reducing, dewatering and incinerating the slaughterhouse waste. The present invention furthermore relates to an apparatus for carrying out such a method. It is an object of the present invention to provide a method and an apparatus for processing slaughterhouse waste, in which a calorically balanced mixture is supplied to the incinerator, so that the incineration thereof will take place under stable conditions. <IMAGE>
