Abstract (en)

[origin: EP1321718A1] The door trim mounting for a microwave oven has the trim (10) connected by a crank (12) to the oven frame. There are first guides between the two mounting points of the crank to the frame, provided on each side of the pivot axis (A) between the door (8) and the crank. In the closed position of the door, the crank is parallel to the door. Second movement guides are provided on the side of the door opposite to the pivot axis, between the trim and the door.
