Abstract (en)

[origin: WO0230576A1] A method and a machine for the decorative printing of surfaces, particularly of tiles and the like, are described and in which is provided for a colouring substance to be transferred onto a surface (2) to be decorated through a mask (21) on which the colouring substance is distributed, the colouring substance being transferred onto the surface (2) by the action of a jet of gas directed onto the mask (21).
