Abstract (en)  
A label product (4) includes a first backing substrate (5), a plurality of second backing substrates (6) adhesively and repositionably attached to the first backing substrate (5), and a plurality of labels (7) adhesively and repositionably attached to each second backing substrate (6). Each second backing substrate (6) has opposite first and second side faces (61, 62). The first side face (61) of each second backing substrate (62) is coated with a pressure sensitive adhesive layer (81) attached to the first backing substrate (5). Each label (7) has a side face (71) that is coated with a pressure sensitive adhesive layer (82) attached to the second side face (62) of a respective second backing substrate (6). <IMAGE>
