Abstract (en)  
[origin: DE20122213U1] The gun has a first conventional legible identifier (9) and a second, additional, independent and individual readable identifier (5) that is located in a position that cannot be found or that cannot be recognized as an identifier. The second identifier is arranged on a bearer; the identifier or bearer is covered. The second identifier can be located within the weapon. Independent claims are also included for the following: a method of manufacturing a handgun.
