Abstract (en)

[origin: EP1346941A1] The electrical cable reel has first (1) and second (2) hinged sections. The second section has a seating for reeling of the cable (22). A folding flap (12) allows access to one or several storage compartments. The reel has a use position in which the two sections are spaced from each other and have engagement surfaces (19,29) for the ground.
