Abstract (en)
[origin: EP1348606A1] The points setting system has a points operating drive (2) coupled via setting elements (3) and interlocking devices (4) with a pair of switching tongues (5), displaced relative to the fixed rails (1). Both switching tongues are each coupled to a setting rod (8) via a separate interlocking device, the points operating drive positioned between the switching tongues and provided with a setting slider (7) on either side.
