Abstract (en)
[origin: WO0240575A1] The invention relates to pigment preparations in granulate form containing a pigment (A), at least one thermoplastic polymer (B) and if desired, a dispersing agent (C). Said preparations are obtained through a) dispersing the pigments (A) in a polymer (B) solution in an organic solvent, with or without a dispersing agent (C) and b) subsequently forming a granulate by removing the solvent.
