Abstract (en)
There is described a sealed package (1) for pourable food products, having a removable portion (11), and a closable opening device (2). The opening device has a frame (15) defining a pour opening (16) and having a first connecting portion (20) fixed to the package (1) about the removable portion (11); and a removable cap (17) fitted to the frame (15) to close the pour opening (16) and having an anchoring portion (25) fixed directly to the removable portion (11); and the frame (15) also has a second connecting portion (28) extending about the anchoring portion (25) of the cap (17) and fixed to a peripheral area (11a) of the removable portion (11). <IMAGE>
