Abstract (en)
[origin: WO02053244A1] Apparatus (1) for entering and displaying data relating to a participatory event and for use by one or more participants. The apparatus (1) includes electronic data entry means (3) for use by each participant to enter data at a time when each participant is to participate in the event and electronic processing means for receiving and processing the data entered by each participant. There is also included display means (5) for displaying the data processed by the electronic processing means.
