Abstract (en)

[origin: WO02067380A1] A printed circuit board (20), removably connectable or fixedly connected to an insulation piercing connector (10) attachable to an intermediate portion of an electrical cable (1), wherein said printed circuit board (21) comprises connecting means (22) suitably adapted to provide a mechanical and electrical coupling of the board (20) to the connector (10). Further a respective connector assembly comprising the printed circuit board (20) and the connector (10) is provided.
