Abstract (en)
[origin: EP1362676A1] The sawing machine (10) saws boards (74). The machine mounting (12) includes a resting table (14) on which the saw carriage (18) with at least one saw unit (22, 24) travels along the cutting line (20). The feed device (44) has at least one stop element (50, 52) to go against a corner of the board. There is a second stop element (88) on the saw carriage against which the side of the board is positioned.
