Abstract (en)

[origin: WO02071334A2] A method and systems for obtaining data relating to the performance of a participant in a sporting event held on a playing surface. The method comprises the steps of determining the position of the participant on the playing surface at different times from an indication of the location of the participant in a calibrated video image of the playing surface captured at different times. Position data indicating the position of the participant at different times is stored.
