Abstract (en)

[origin: EP1385185A2] The electrical installation device has an equipment box (2) with an equipment insert (9) and a lid (12) with a text field with a light conductor chamber (14), a wedge shaped light conductor (16), a text film (20) and a cover panel (21) extending along one side wall of the lid. An illumination unit (4) is arranged in a corner pocket (3) of the box with a light source (8) radiating directly into a light conductor end entry surface.
