Abstract (en)
[origin: WO02094038A1] .The invention concerns a dietetic product belonging to the family of food products, complements or supplements for slimming or anti-obesity diet and appetite-suppressing or satiating food products, complements or supplements containing an efficient dose of food proteins, 70 % of which at least are hydrolysed yeast proteins. The invention also concerns the use of the dietetic product in an aesthetic slimming diet. The invention further concerns the use of hydrolysed yeast proteins in the preparation of such a dietetic product.
