Abstract (en)
[origin: WO02088127A2] The invention relates to novel triazolopyrimidines of formula (I), wherein R<1>, R<2>, R<3>, R<4>, X and n have the meaning cited in the description. The invention also relates to several methods for the production of said novel substances and to their use in controlling undesirable microorganisms. The invention further relates to intermediate products having the formula cited in the description and to methods for the production of said intermediate products.
