Abstract (en)

The marking has electrical light bodies in one or more hollows at a suitable parallel distance from the edge of the platform with transparent floor coverings that deliver a visible warning as well as an audible warning when a train approaches. The electrical light bodies transmit train and/or advertising information in the pauses between the departure of one train and the arrival of the next.

Abstract (de)

Markierung des Sicherheitsabstandes an Bahnsteigkanten, durch in entsprechenden parallelen Abstand zu den Bahnsteigkanten in einer oder mehreren Höhlungen angeordneten, mit lichttransparenten begehbaren Bodenbelegungen abgedeckten elektrischen Leuchtkörpern besteht darin, dass die elektrischen Leuchtkörper in den Pausen zwischen Abfahrt eines Zuges und Einfahrt des nächsten Zuges Zuginformationen und/oder Werbung abstrahlen.
