Abstract (en)  
[origin: FR2826786A1] The invention relates to a one-piece female electrical contact (1) which is cut and folded and which comprises, longitudinally, a rear area for connecting to an electrical conductor, a protective cage, which consists of a floor (4), two lateral walls (5, 6) and at least one ceiling element, and, on the front, a termination which is in contact with a complementary male contact. Said contact termination consists of at least one elastic contact blade (8, 9) comprising a blade which is connected to the rear of at least one ceiling element (22) and which extends towards the rear before folding.
