Abstract (en)
[origin: EP1401062A1] Each plug location on a circuit board (3) is provided with an encoding device (7.1,7.2) and a securing device (9), for fixing a plug. At least part of the plug locations are provided with multiple types of encoding devices and/or securing devices that are suited to different types of plug. Independent claims are included for a circuit board and for a domestic appliance.
