Abstract (en)

[origin: WO03004330A1] The invention relates to a system for monitoring the performance of a vehicle which comprises a plurality individual systems (12, 14, 16) for influencing the performance of a vehicle. A management device (10) is provided for managing the influences of the performance by said individual systems (12, 14, 16). The invention also relates to a method for monitoring the performance of a vehicle.
