Abstract (en)
[origin: EP1407809A2] Device, for producing water containing carbonic acid, comprises a container (1) and a carbonic acid feed (2) which opens into the container. The feed is assigned to the base region (1') of the container and the head region (1'') of the container has a removal line (5) for removing the carbonic acid which has not dissolved in the water and returning it to the feed.
